Happy New Year

Welcome back after a much earned Christmas break! We have a busy and short term to look forward to—it is only 11 weeks until the Easter break! All the classes have exciting topics and trips to look forward to which we have listed below so parents know what we will be looking at this term.

School nurse - Workshop For Parents

This months workshop on 31st January will be led by our school nurse. She will talk about her role in school and the services and support she can offer parents. If you have any queries for her or would just like to find out more please join us at 9am for coffee and cakes. All welcome.

Topics this term

Class 6 and 7's topic is 'Bend and Flow'. They will be studying the water cycle and visiting Cilfynydd Water Centre. Class 7 will also be looking at writing short stories in English and in maths they will be concentrating on fractions and percentages. Class 6 will be looking at poetry in English and for cross-curricular maths they will be measuring and studying the weather.

Class 4 and 5's topic is 'Castles and Dragons'. They will be studying the history of the Welsh Princes and medieval times and visiting Cardiff Castle. They will be reading and writing lots of myths and legends in English and will be using lots of shapes and measures in cross-curricular maths

Class 2 and 3's topic is 'Growing things'. They will be studying the growth of plants and animals and visiting the National Botanical Gardens in Carmarthen-shire. In both classes there will be a focus on improving handwriting and letter formation. They will be looking at instructional writing in their literacy activities and measuring in numeracy.

Parents as always, can help at home by listening to the children read regularly.

Lateness

This term we will be closely monitoring attendance and referring any persistent latecomers to the Attendance and Wellbeing Service.
