

Space Mission

This is Mission Control. Can you hear us?

We have an important mission for you. The eight planets in our solar system are getting muddled up. We need a way to remember the correct order of the planets starting from the Sun. Create your own mnemonic to remember the order of the planets.

Example:

Mercury Venus Earth Mars Jupiter Saturn Uranus Neptune
My Very Excited Mother Just Saw Underground Newts

M _____
V _____
E _____
M _____
J _____
S _____
U _____
N _____
